
Justin Ruscheinski

SECURITY OPERATIONS / WEB & DIGITAL SERVICES / TECHNICAL PROBLEM-SOLVING

Richmond, BC | hello@justinruscheinski.com | justinruscheinski.com

Security operations professional and digital business owner with more than 15 years of experience at Apps Cargo Terminals, alongside website management, digital marketing and hands-on technical work. Combines calm judgment, clear communication and practical problem-solving with a CompTIA A+ technical foundation.

PROFESSIONAL EXPERIENCE

Security Guard (Full Time)

Apps Cargo Terminals | Delta, BC
March 2010 - Present

- Carry out daily patrols and monitor access to help protect personnel, property and cargo terminal operations.
- Maintain vehicle and personnel entry and exit logs, supporting accurate site records and accountability.
- Respond to fire, medical and other incidents using established safety and de-escalation procedures.
- Communicate concerns to staff and management to support timely action on potential risks.

Marketing & Web Manager

Mr. Locksmith | British Columbia
January 2019 - Present

- Manage website content, availability and routine backups to support a reliable online presence.
- Plan and refine digital marketing campaigns, SEO and customer outreach initiatives.
- Use analytics tools to monitor engagement and guide improvements to website content and marketing.
- Work with management on promotional materials and messaging for prospective customers.

Security & Guest Services

Barcelona Ultra Lounge, Ceili's Pub, AuBar Nightclub & Buck & Ear | Vancouver & Richmond, BC
2005 - 2012

- Managed access, crowd flow and venue rules in busy hospitality and nightlife settings.
- De-escalated conflicts, monitored surveillance systems and supported guest safety during peak hours.

Gas Attendant

Chevron | Richmond, BC
September 2007 - March 2010

- Provided front-line customer service and handled cash and credit transactions.
- Maintained a clean, orderly site and followed workplace safety procedures.

Experience beyond the job title.
